

Potassium Iodide (KI) Voucher

To get KI, fill out this form and take it to one of the participating pharmacies. You must live or work within 10 miles of a nuclear power plant, be 18 years or older, and provide a government-issued photo ID.

Read this information before signing the voucher. Signing the form means that you understand and agree to the following:

I understand that:

- KI is an over-the-counter, non-prescription drug.
- KI is to be taken only when a General Emergency has been declared at the nuclear power plant.
- KI is NOT a substitute for evacuation or sheltering-in-place during an emergency.
- KI only protects the thyroid gland from radioactive iodine. It does not protect the rest of the body. In a nuclear power plant emergency, there could be health risks from other forms of radiation.
- Although taking KI is usually safe, it can cause problems in people who have thyroid disease or are allergic to iodine or have dermatitis herpetiformis or hypocomplementemic urticaria vasculitis (HUVS), two very rare skin diseases. If I have any of these conditions, I will talk to my doctor before I take KI.
- This KI program is run by the Michigan Department of Health and Human Services. If I have questions I can call (517) 335-8350 or send an e-mail to mdhhs-ki@michigan.gov for more information.

I agree that:

- I have read the potassium iodide (KI) fact sheet and will follow all instructions on how to use KI.
- I will follow the instructions of emergency officials.
- I will hold the pharmacy harmless from all liability, claims, suits or actions related to the use, delivery, labeling, and packaging of KI.

-----Additional information for businesses-----

- I own or represent the named business/institution.
- This business or institution will provide information on dosing and medical contraindications to all employees and/ or clients prior to distributing KI. This information is provided in each box of KI and on the MDHHS website at www.michigan.gov/ki.

**By signing this form I agree that I have read the information provided on the fact sheets above and that I am obtaining KI for people who live or work within 10 miles of a nuclear power plant.
(Complete 1 OR 2)**

1. For a household:

Your name: _____ Telephone: _____
Address: _____ City: _____ Zip: _____
County: _____ Number of people living in your home: _____ Ages: _____
